Hello,

You have a **NEGATIVE** Covid-19 Test Result.

A negative test result does not completely rule out being infected with COVID-19.

If you test negative for COVID-19, this means the virus was not detected at the time your specimen was collected. It is still possible that you were very early in your infection at the time of your specimen collection and that you could test positive later.

Also, you could be exposed later and still develop the illness. For all these reasons, it is important to follow CDC guidance at (<https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/prevention.html>), including but not limited to frequent hand washing, social distancing, wearing a face covering, covering coughs and sneezes, monitoring symptoms, and cleaning and disinfectant of frequently touched surfaces -- even after a negative test result.

Packing Checklist

Be sure to bring light clothing that can be layered on or removed as the temperature changes. Sun hats or shades are good, and don't forget your swimsuit! Activities can vary, so comfortable walking shoes are recommended for touring historic sites, cobblestone walkways, and uneven terrain.

For attire onboard the ship, don't worry about dressing up unless you want to – Windstar is a casually elegant cruise line, but we don't want formality to get in the way of true escape. Our only request is in the evening - after 6 pm when dining in Amphora, the dress code is country club-type clothing. For men - nice slacks, polo shirts, button down shirts, shoes other than athletic shoes. Designer denim jeans without rips, holes or multi-colored are also acceptable. Sport coats are optional. Ties are not needed. For women - nice pants, skirts, tops, casual dresses, sundresses, nice sandals or casual shoes and designer denim dress jeans not ripped or multi-colored or having holes. Blazers are optional. The Windstar laundry package makes it easy to travel light and enjoy the feeling of freshly washed and pressed clothing every day from our professional laundry.

Korcula's fishbone streets feed off the main arterial of this walled settlement making the

humped peninsula look a bit like a rust-red tortoise. Beyond the medieval town lie woods, vineyards, and the idyllic island of Miljet, where Odysseus met the nymph Calypso and stayed for seven years. Be sure to end the day with some white wine, Mediterranean sunshine in a glass.

BOAT TOUR TO POSITANO

🕒 5 Hours

🚶 Strenuous

📷 Walking | Boating | Sightseeing | Essentials
Collection

A private motorboat takes you along the coast to Positano, once a sleepy little fishing village and the secret haunt of painters and writers. Its charms are still evident. Square, white Moorish-style houses are set in luxurious gardens, and descend in steep steps down the mountainside to the bay. Offshore is Galli Island, the legendary home of Sirens. Positano is embroidered with narrow lanes and steps and dominated by the splendid dome covered in polychrome majolica at the Church of Santa Maria Assunta. Piazzettas and cafés are filled with people pausing during the 100-step climb that leads up the hillside. On your arrival to Positano you will enjoy a walking guided tour of the picturesque coastal town.

PLEASE NOTE: This tour is not for guests with physical limitations as it involves a great deal of walking over uneven terrain. However, walking up the steps is optional and not required. Wear comfortable shoes, a sun hat, sunglasses, and sunscreen. **Please bring the hardcopy of your Covid Vaccination card.** All tours in the ports of Italy are operated in a "Bubble Tour" no free time or shopping time is allowed in this port. Tour descriptions and time duration are subject to last minute change.

Founded in the 6th century B.C. by Greeks from Naples, Taormina was subsequently taken over by the Romans. Many of its narrow cobblestone streets are closed to traffic, making the main part of Taormina accessible only by foot. Your guide will take you on a guided walk that includes the Piazza Vittorio Emanuele and the bustling main street of Corso Umberto, lined with former mansions of enchanting architecture and balconies that brim with flowers. Stop briefly in the inner courtyard of the medieval Corvaja Palace and enjoy the panoramic views of the bay and snow-capped Mount Etna in the distance as you gaze from the balcony of Piazza IX Aprile. Follow your guide up the narrow street that leads to the Greco-Roman Theatre. Taormina's most famous antique dates back to the 2nd and 3rd centuries B.C. and still hosts performances today. The theatre's dramatic location is nothing less than breathtaking. The tiny village of Castelmola is strategically located near Taormina, a splendid site with panoramic views. The focus of the village is the attractive Piazzetta del Duomo with its fine, intricate paving. From various points there are wonderful views of Mount Etna, the north coast and the beaches below.

PLEASE NOTE: This tour involves walking over cobbled and uneven surfaces and is not recommended for those with limited mobility or who tire easily. Buses are not permitted in Taormina and many parts are accessible only by foot. A minivan will be used as a vehicle for this tour. Guests will get to the city center from the parking lot by lifts. Keep in mind Taormina can be very crowded. **Please bring the hardcopy of your Covid Vaccination Cards. All tours in the ports of Italy are operated in a "Bubble Tour" no free time or shopping time is allowed in this port. Tour descriptions and time duration are subject to last minute change.**

 Sightseeing | Essentials Collection

Disembark, meet your tour guide and drop off your luggage at their storage facility to start the tour. Your luggage will be transported to your Windstar Hotel. Venice is composed of more than 100 tiny islets, packed closely together around canals. Venice city is in a lagoon, protected from the sea by a long strip of land called the Lido. You will visit two islands—Murano and Burano. Nearly half of the lagoon's islands are deserted but the main islands of Burano, Murano and Torcello are well worth a visit. In 1291, when furnaces were banned from Venice as a fire precaution, the manufacturers of fine glassware were transferred to Murano. Glassware was one of the few Venetian exports and as such, the secrets of this skillful craft were tightly guarded. Glassmaking was considered a privileged occupation, and glass artisans were allowed to marry into the nobility. Today, the Murano products of blown-glass mirrors, chandeliers, goblets, and intricate works of art are renowned worldwide. There will be time for a visit to one of the many workshops and for shopping. The island of Burano will be next. Brightly painted houses decorate this small and cheerful fishing village. Burano is well known for its lace-making. In the 16th century, the lace industry was at its peak, and Burano was cited throughout Europe for producing the finest lace. You will have the chance to admire these beautiful works that require hours of labor, and maybe even purchase some, if you like. **At the end, Motor launch will transfer you back to the Cruise Pier port where your luggage will be ready to be re-collected and your vehicle will be waiting to drive you to Windstar Hotel or to the Airport.**

PLEASE NOTE: Wear comfortable walking shoes and bring a sun hat.
Please bring the hardcopy of your Covid Vaccination card.

Powered by Vacations To Go

Venice, Italy

Cruises from Venice depart from spring through fall.

Rising from a lagoon in the Adriatic Sea, the 118 islands of Venice are linked by 200-plus canals and more than 400 bridges. While a gondola ride is a must, don't miss the walking tours that explore the city's streets and palazzos. Notable sights include St. Mark's Basilica and Square, Campo Santa Maria Formosa, Doge's Palace and hidden districts where merchants once traded silk, spices and other goods. On a boat cruise on the Grand Canal, learn about the churches, villas and other structures that line the waterway, and sample fresh fruit, vegetables and fish during a stroll through the Rialto market. Foodies can enjoy Italian wines and cicchetti, the local version of tapas, on an organized bar crawl. Excursions are available to Murano, the center of Venetian glassmaking.
