RAINEY ENDOWED SCHOOL, MAGHERAFELT.

Report for Term ending *March*

1948

Pupil's Name *Christopher Brennan.*

SUBJECTS	Percentage Marks obtained	Place in Subject	REMARKS
English			All his work this Term shows definite progress - he is finding it easier to settle down and concentrate for longer periods. His writing is most careful and controlled, and he takes great pains with his Reading.
History			
Geography			
Arithmetic			Is inclined to be rather slow, but works quite accurately and neatly.
Algebra			
Geometry			
Trigonometry			<i>Il n'a pas beaucoup d'intérêt au français.</i>
French			
German			
Latin <i>Spelling.</i>			<i>Much improved.</i>
Greek			
Chemistry			
Physics <i>Handwork</i>			Is interested and works well.
Domestic Economy ...			
Drawing			
Music			<i>Very good.</i> <i>Quite interested and tries.</i>

General Remarks

Has good term's work.

Christopher has settled down to work most satisfactorily this term and I am especially pleased with the way in which he can start to a piece of work and get it carried through on his own. Spelling is still rather slow and inaccurate, but he is being more adventurous in his reading. He has a retentive memory and can speak clearly and distinctly - when he chooses! Very keen on drawing & works well.

J.S. Faragher.
