Mrs. Katherine Doreen Brennen (21), was one of the happiest graduates at Queen's University, yesterday, after she had received her Bachelor

of Arts degree, for she had just heard that her baby daughter, Dana Michele, born prematurely two weeks ago, would be allowed to leave South Tyrone Hos-

pital this morning. Katherine herself had just left hospital. Her daughter was born just two weeks after she had sat her finals.

Her husband, Christopher, who is

the elder son of Mr. Wilfred Brennen, surgeon at the Mid-Ulster Hospital, is doing his D.Phil. degree at Balliol College, Oxford, and he also returns home to-day.

## *Happy graduation day at Queen's University—and good news for Katharine*
