SUBJECT References

of persons who are likely familiar with my recent work.

Realizing that you have many names and letters from the last examination three years ago (actually two sets of letters!) I thought I should limit the list to a few names. I have included Gary Leal ~~despite the fact that he is on-campus because he is not in the Engineering Division (in Chemical Engineering Fred Shair, George Gavalas and J.R.A. Pearson, a Fair-child, are also somewhat familiar with my work).~~

Academic

Professor Ivan Catton
Professor Turgut Sarpkaya,
Professor C.S. Martin

Professor Gary Leal
Professor Graham Wallis
Professor J. Johnston

U. C. L. A.
Naval Postgraduate School, Monterey
Department of Civil Engineering
Georgia Tech
Chemical Engineering, Caltech
Dartmouth
Stanford (Also Professor R. L. Street)

I have also had repeated contacts with

Other *references in the space and nuclear business industry business*

Dr. Sheldon Rubin
Dr. Harold Doiron
Professor George Bienkowski

Aerospace Corporation, El Segundo
N. A. S. A. Johnson Space Center, Houston
Princeton

If you need more please let me know.

who is on campus, but is a different Division.

TELEPHONE (213) 795-6811

Dr. Christopher Brennen
360 Olive Tree Lane
Sierra Madre, California 91024

Dear Dr. Brennen:

I take pleasure in notifying you that the Board of Trustees, at its meeting of September 24, 1979, authorized your reappointment as Associate Professor of Mechanical Engineering, and granted you full academic tenure. Full academic tenure is defined in the statement on tenure adopted by the California Institute Board of Trustees. These tenure principles are described in Policies and Procedures, our faculty handbook.

This action, effective September 1, 1979, was taken upon the recommendation of the Division of Engineering and Applied Science, and with the approval of the Provost and the President.

I trust that you will recognize in this action an expression of the high regard in which your work is held and the confidence that you can serve the Institute even more effectively in the future.

Sincerely yours,

Marvin L. Goldberger

Pasadena, California 91107

Dear Dr. Brennen:

I take pleasure in notifying you officially that the Executive Committee of the Board of Trustees, at its meeting on February 12, 1979, granted you an increase in salary to \$32,500 per annum, effective October 1, 1979. The Institutes contributions to your retirement and insurance benefit programs will be adjusted accordingly.

On behalf of the Trustees and myself, I thank you for making Caltech the fine institution that it is.

I realize that this salary in no way can fully recognize your outstanding contributions on behalf of Caltech. Caltech is limited by its income and by President Carter's guidelines which limit our average salary increases, including promotions, to 7%. We are doing the best we can under these constraints.

Sincerely,

A handwritten signature in dark ink, reading "Marvin L. Goldberger". The signature is written in a cursive, flowing style.

Marvin L. Goldberger
